

**MGH Associate Director
(David C. Crockett)
Records, 1921-1993
AC 15**

29.3 c.f. in 88 containers
(88 manuscript boxes)
Accession No.: 1999-16

Processed: 2000-2001
By Sheri Rosenzweig and Johanna Carll

ACQUISITION: The records were received from storage in the basement of the Resident Physician's House by permission of David Crockett and Lawrence Martin in 1999.

ACCESS: Portions of the collection are restricted in accordance with access policies of the Massachusetts General Hospital Archives and Special Collections. Consult the Archivist for further information.

COPYRIGHT: requests to publish materials from the collection should be directed to the Archivist.

PROCESSING NOTE: The key to David Crockett's original file numbering scheme has not been found. Folders have been substantially rearranged after refolding and preservation. The original numbering scheme, however, has been preserved in square brackets on the front of each folder. The collection contains many gaps (i.e., there are many numbers missing from the original filing scheme). The most likely explanation for these lacunae is that members of the hospital administration have removed folders from the collection and merged them with current office files because they contained needed information.

Biographical Note

David Charless Crockett, born in Ipswich, Mass., in 1909, was educated at Milton Academy in Milton, Mass., and at Harvard College, from which he graduated in 1932. His father, Eugene A. Crockett, was at one time the chief of staff at the Massachusetts Eye and Ear Infirmary. His first job out of college was as a clerk for the First National Stores and he quickly made a positive impression on the store's management. His first experience in fund raising involved collecting door-to-door for the Emergency Relief Fund, predecessor of the United Way. By the early 1940s he was raising money for the Boston Symphony Orchestra. During World War II he served with the Office of Strategic Services. His employment at MGH began in 1946 when MGH Trustee Ralph Lowell recruited him as a fund raiser for the MGH's one hundredth anniversary celebration of the first public demonstration of surgical anesthesia. This temporary position grew into a permanent job, which expanded over the years into multifaceted responsibilities. From 1950 to 1961 he was Associate Director of Resources and Development. In 1962 he became Deputy to the General Director. From 1972 to 1974 he was Director of Resources and Development. He officially retired from MGH in 1973, but continued to serve informally in an active capacity for many years.

Series Descriptions

Series I. Buildings, 1943-1980

The series consists primarily of files relating to construction or renovation projects at MGH and fund raising campaign drives for the purpose of building new facilities. A smaller amount of material concerns obtaining certificates of need and other regulatory matters.

Series II. Committees, 1947-1992

Crockett served on many MGH committees (even after his formal retirement) as well as boards and committees outside the hospital. The series consists primarily of files relating to MGH committees, such as the Research Committee, the Planning and Building Committee, the Planning Board, the Space Committee, and the Scientific Advisory Committee.

Series III. Fund Raising, 1940-1992

The series consists primarily of files relating to MGH's approaches over many years to specific donors or granting agencies and memorial funds. (These files, in boxes 30-46, are subject to special restrictions above and beyond the normal restriction for MGH records.) Smaller amounts of material concern celebrations of Ether Day and of the one hundred and fiftieth anniversary of MGH in 1961.

Series IV. General Administration, 1921-1993

The series consists primarily of general correspondence on topics relating to the administration of the MGH. Many of the correspondents are either MGH doctors or Harvard Medical School professors and administrators. Included are: Fuller Albright, Henry K. Beecher, Kenneth Bird, Benjamin Castleman, Edward D. Churchill, Stanley Cobb, Oliver Cope, Nathaniel Faxon, Francis Gray, Harriet Hardy, Seymour Kety, Alexander Leaf, John Lawrence, Eric Lindemann, James Howard Means, William Mixter, Carter Rowe, Charles Saunders, F.O. Schmitt, and Paul Zamecnik. Correspondence regarding the House pupils Association relates mainly to reunions. Crockett's personal correspondence consists of two subseries: his personal correspondence with individuals, arranged alphabetically by name, and his personal chronological correspondence files, 1949-1957.

Series V. Government, 1949-1979

The series consists primarily of files concerning local, state, and federal regulations and laws and pending bills that Crockett expected to have a bearing on MGH policies and practices. Correspondence regarding the laws, regulations, etc., is included, along with copies of them. A few speeches by political figures on the subject of health care are also included.

Series VI. McLean Hospital, 1946-1987

McLean Hospital was a division of the MGH from its inception until the 1980s. The series consists primarily of correspondence and background materials relating to McLean's Hall-Mercer Children's Center, Rehabilitation Center, and research laboratories. Correspondence regarding general matters is also included.

Series VII. Trustees, 1946-1994

The series documents Crockett's interactions with the MGH Board of Trustees over the course of fifty years. Included are correspondence and background materials relating to by-laws, committees, finances, membership, plans for reorganization, and meetings. Included are folders of correspondence with individual members of the MGH Board of Trustees, such as F. Sargent Cheever, Jane Claflin, Francis Gray, Henry Guild, Francis Hatch, and Phillips Ketchum.
