The collection consists primarily of administrative records kept by the chief executive officers of the MGH in the 19th century. The CEO was known as the Superintendent from 1821 to 1858; the Resident Physician from 1858 to 1922; and the Director after 1922. The 21st-century equivalent is "President."

Records include lists and narrative reports detailing MGH expenses and various matter related to the care of patients. Of special interest are lists of purchases, providing insights into daily life at the MGH in the 19th century.
