

MGH Archives and Special Collections
Quality Control Programs and Training
AC 69

1.0 c.f. (in 1 records carton)
Accession Number. 2016-2

Processed in 2017 by Jeannie Casey and Jeff Mifflin

ACQUISITION: The materials were donated by Cyrus Hopkins, MD, in 2016.

ACCESS: Portions of the collection are restricted for 50 years under MGH policies on access to official hospital administrative records. See the Archivist for further information.

COPYRIGHT: Requests to publish materials contained in the collections should be directed to the Archivist.

ARRANGEMENT: Folders are arranged in chronological order.

Scope and Content Note:

The collection consists of files and handouts related to Quality Control Programs and Training at the MGH between 1986 and 2009, accumulated by Cyrus Hopkins, MD, and given by him to the Archives in 2016. Although there is common theme, the materials were created by several different offices and committees, including the Patient Care Assessment Committee; the Quality Oversight Committee; the Utilization Review Committee; the Quality and Safety Program; and the Quality Steering Committee.
