

AC 70
Photo Lab Individual and Group Staff Photographs, ca. 2000-2012

13 c.f. in 13 containers (records cartons)
Accessioned by Sarah Alger in 2016.

Processed: 2016
By Sarah Alger

Acquisition: Transferred by Sam Riley from the MGH Photo Lab in 2016

Access: There are no restrictions on access.

Copyright: The MGH claims copyright to all images in the collection. Requests to publish images should be directed to the Archivist.

Scope and Contents Note:

The collection consists primarily of color photographic portraits of approximately 1200 MGH employees, most of whom were members of the professional staff between 2000 and 2012. All of the individuals depicted appear in a variety of poses on contact sheets. Most of the images are also contained on disks inserted behind each individual's contact sheet or sheets. The materials are organized alphabetically by name.

A smaller part of the collection consists of contact sheets of group portraits, arranged first by the name of the department or laboratory and then by the name of the group's leader. Disks containing the images are inserted behind each batch of images.

Photo Lab Individual and Group Staff Photographs, ca. 2000-2012
